ARE THESE WHOLE-OWNERSHIP PURCHASES?

Yes, The Villas at Cocoplum is a whole-ownership and fee-simple title transaction. As a owner of real estate in Belize, you will hold a full deed and title.

IS THERE A RENTAL PROGRAM? IF SO, HOW DOES IT WORK?

Yes. The Villas at Cocoplum offers a rental program where you will receive 50% of the net revenues. Other high-end resort communities in Placencia enjoy exceptional high occupancy rates.

IS FINANCING AVAILABLE?

Belize is a cash market. Local banks do not sell mortgages. USA banks will not issue loans for Belize property since the market is too small to justify the large overhead expense. Some elect to take out home equity lines of credit on other properties in North America. We are working on developer funded financing.

WHAT TYPE OF INSURANCE WILL I NEED?

You should plan to purchase insurance on the personal property contents of your condominium including furniture and art. Your condominium is insured through the homeowners association group insurance policy for structural, flood, and other natural disasters.

WHAT ARE THE CLOSING COSTS?

The buyer pays the Government of Belize a registration fee called "stamp duty" on the sale of real property, from which the first \$10,000 (USD) is exempt. This "stamp duty" is equal to 8% of the property value, which is normally the purchase price. When a property is sold furnished, the value of the personal property (furniture, appliances, art, etc.) is deducted from the value of the property, resulting in a reduced amount on which the stamp duty is based. This is a cost-saving tool that we utilize for the benefit of our clients to save them a few dollars (every penny counts!).

Condominiums are fully furnished and ready for immediate occupancy. The buyer pays 100% of the closing costs. These fees typically include title search, escrow, title certificate, registration, payments of taxes, and government fees / disbursements. Some buyers utilize a Belizean attorney for the closing. We have negotiated rates with law firms within our sphere of influence for only one percent (1%) of the purchase price, most charge 2%. We also utilize the services of a successful closing company in lieu of attorney, which will close real estate transactions for a fixed fee of \$4,000 (USD). There are no additional fees.

MAY I SELL MY PROPERTY AT ANY TIME?

Yes, there are no restrictions on the resale of your Villa.

ARE THE VILLAS AVAILABLE NOW, OR IS THIS A PRE-CONSTRUCTION OFFERING?

Both! We offer completed Villas available for purchase and we accept contracts on pre-construction Villas.
